Did you know?

We are always looking to purchase 100% Australian pure beeswax from hobbyists or commercial beekeepers. Please ensure the wax is clean as possible and a golden colour. We do not take Brood comb or brown wax.
We buy wax for *$9.00/kg + GST ($9.90)*
We trade wax for foundation sheets weight to weight and only pay $0.70 per sheet for milling.
We do not mill wax per order. We will automatically swap from what is available from the shelf that day.
This is by far the cheapest and best way to purchase wax sheets.
If you have wax that you aren't sure what to do with or looking to trade it in, please contact us via phone or email. We can give you a quote on what is suited to your needs.
